STAY SAFE ON SOCIAL MEDIA

**MORE TIME ONLINE MAY MEAN MORE TIME ON SOCIAL MEDIA.
ACCEPT THE REALITY! IF YOUR KIDS ARE ACTIVE ONLINE,
HELP THEM STAY SAFER WITH THESE SIMPLE RULES.**

1. Always set accounts to PRIVATE to have more control over shared content - most accounts are PUBLIC by default
2. Keep an eye on 'Friends' lists - make sure that permission must be requested to 'follow' or 'friend' the account
3. Be careful to not overshare in the profile by giving away your image or too much personal information!
4. Turn OFF 'Location Settings' - this prevents posts or photos and videos being geotagged and protects your location
5. Avoid clicking on targeted ads and giveaway offers - these can be scams or lead to inappropriate contact
